

**FELINE PET/SHOW/DEPOSIT REQUEST CONTRACT**

After a kitten/cat is chosen either by sight, photo or in any manner, a deposit is required to hold the cat. This deposit is non-refundable. In the case of a kitten, the deposit is valid until the kitten reaches the age of twelve weeks, by that time the remaining monies must be paid and the cat be picked up.

You will then have 5 days to take your cat to your veterinarian and have the cat examined if you so choose. Should your veterinarian find any problem, it must be verified by your veterinarian's written and signed statement. If it is so wished, the cat is to be returned at Adopter's expense, and the veterinarian's statement is to be surrendered to Former Owner.

The cat is then subject to re-examination by Former Owner's choice of veterinarian at no cost to the Adopter, to determine whether treatment is feasible, or that a credit be given toward the purchase of another cat as soon as possible.

The cat is being transferred in a state of normal good health. Should the cat die as a result of a verified genetic defect within one year of delivery, the cat will be replaced by one of comparable value as soon as one is available. Adopter must furnish Former Owner's veterinarian with a detailed necropsy report performed by a university lab such as UC Davis, University of IL, or Purdue University. In the unlikely event that this happens, your vet can help you make the arrangements for a necropsy.

The Former Owner is not responsible for ANY medical or veterinarian fees incurred by Adopter. All shipping expenses including Rabies, Health Certificate & Kennel are the responsibility of the Adopter.

Any legal action that may ensue as a result of this transaction must be brought within the County of origin of the transaction. That being Cook County, IL,

**IT IS UNDERSTOOD NO MONEY WILL BE REFUNDED FOR ANY REASON**

Further elaboration of agreement:

1. Under no circumstances will this cat be transferred, leased or given away to any pet shop, research laboratory, or shelter, or any similar facility.
2. Adequate indoor facilities will be provided and this cat will not be allowed to roam freely outdoors.
3. If this cat is found to be neglected or in ill health for an unreasonable length of time, the Adopter will surrender the cat to the Former Owner unconditionally, with registration papers.
4. This cat is purchased as a pet without breeding rights. Pet cats are all to be neutered or spayed.
5. Former Owner agrees to provide Adopter with CFA (and in some cases TICA as well) registration papers after full payment has been received and cleared by Bank and when spay/neuter veterinary documents are provided.
6. One-half the price of the cat is to be given as a down payment to hold the cat for the Adopter. The remaining half is to be paid when the cat is picked up. All kittens are to be picked up by the age of 12 weeks. If they're not the Former Owner has the right to

Adopter's Initials, \_\_\_\_\_

Former Owner's Initials

transfer the cat to another Adopter and does not have to refund the down payment to the original Adopter. This protects the Former Owner from having to keep a cat too long for it to be transferred as a kitten.

- 7. The cat is not transferred until full payment and signed contract is received by Former Owner.

THIS CAT IS BEING TRANSFERRED WITHOUT BREEDING RIGHTS

Health Record book with Vaccinations and Vet Check provided: **WAIVED** \_\_\_\_\_
